* This plan includes a maximum benefit award program. Some of the unused portion of your annual maximum benefit may be available in future benefit periods.

** Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment on which the plan benefit is based, you will be responsible for the difference between the fee for service rendered and the fee covered by the plan. In addition, a pre-treatment estimate is recommended for any service estimated to cost over \$500; please consult your dentist.

*** The network percentage of benefits is based on the discounted fee negotiated with the provider.

**** The non-network percentage of benefits is based on the schedule of usual and customary fees in the geographic area in which the expenses are incurred.

In accordance with the Colorado State Mandate, Cleft Palate/Lip and Reconstructive Surgery are covered under this plan.

The Prenatal Dental Care (not available in WA) and Oral Cancer Screening programs are covered under this plan. The material contained in the above table is for informational purposes only and is not an offer of coverage. Please note that the above provides only a brief, general description of coverage and does not constitute a contract. For a complete listing of your coverage, including exclusions and limitations relating to your coverage, please refer to your Certificate of Coverage or contact, your benefits administrator. If differences exist between this Summary Benefits and your Certificate of Coverage/benefits administrator, the Certificate/benefits administrator will govern. All terms and conditions of coverage are subject to applicable state and federal laws. State mandates regarding benefit levels and age limitations may supersede plan design features.
